

Professional Audio Experience *with Expert Production Services*

In the heart of Ryde, Cyrius offers our sound studio “Ryde Recording Studio” operated and run by Cyrius for savvy content creators, businesses, and organisations seeking excellence in audio production. Specialising in production, post-production, podcasting, and voiceover audio recording, our boutique sound studio is a testament to excellence in sound craftsmanship.

Diverse audio content creation

Unleashing Sonic Possibilities: Our expertise transcends the ordinary, focusing on crafting a diverse range of audio content. From podcasts, narrations, and presentations to awards slides, voiceovers, jingles, themes, and original compositions, we offer sound studio services that redefine expectations.

What we offer

Cutting-Edge Technology:

Armed with vintage synthesizers and state-of-the-art software instruments, Cyrius employs industry-leading tools such as Apple Logic X, Native Instruments, iZotope suite, and more.

Top-Tier Equipment:

Our studio boasts all professional audio equipment, complemented by an impressive array of instruments and effects, ensuring the highest standards in audio production.

Tailored Pricing for Unmatched Services:
